

Van Security

At HBL Security, we're passionate about protecting your business. Tool theft is a major issue in the trade industry, leaving vans out of action for weeks.

We offer tailored solutions—from one-man bands to entire fleets. We trust Vanguard's Solid Secure Gold hook locks, tested to withstand 500 kilograms of force, alongside their slam locks, shields, and anti-peel plates.

Whether it's robust single-van protection or scalable fleet packages, we offer the best.

Plus, for ongoing monitoring, check out our vehicle tracker brochure to keep your fleet in top shape. This gives you all the information and of course we are always on hand to discuss your individual requirements.
